Kiss x Kiss is being turned into a game (how unusual). It'll go on sale in December. I drew a lot of characters that are exclusive to the game. Was it right or wrong? Or was it even worse?

And there are a few cameo appearances by characters from my previous works.

Do you choose co-and-co today, and co-and-co another day. So I guess you could call it a dating simulation game.

But you can also choose just to be friends with a character.

It was an interesting proposal, and I'm really looking forward to it!

The number  
you have  
dialled is not  
available in  
this area.

I'll  
leave a  
voice  
mail.
